CONSENT ORDER

This matter was opened to the New Jersey State Board of Dentistry upon receipt of a patient complaint from L.S. concerning the dental services rendered to him by Respondent, including specifically, root canal therapy and crown and bridge dentistry. The Board reviewed the patient's records, the records of subsequent treating dentists and the report of the Board's own consultant as well as information obtained at an investigative inquiry attended by Respondent and his counsel.

It appearing that the parties have agreed to a resolution of this matter without the necessity for further proceedings, and it appearing that Respondent has read and agreed to abide by the terms of this Order, and it further appearing that this Order is adequately protective of the public interest, and good cause therefore existing for the entry of this Order, it is therefore on this 6th day of March, 1990, ordered:

1. Respondent shall pay within 30 days restitution of \$1,462.20 to patient Lyman Sessen and \$1,785.20 to Guardian Life Insurance Dental Plan.

2. Respondent shall pay within 30 days a civil penalty of \$2,500.00 to the Board for misrepresenting services and dates of treatment to the above-named insurance carrier.

3. Respondent shall immediately cease and desist from commencing crown and bridge work on any patient until the satisfactory completion of 20 hours of continuing education in crown and bridge work and 20 hours of continuing education in endodontics, at an institution which shall be approved by the Board. Crown and bridge treatment in progress on existing patients may be completed.
